

WARRINGA PARK SCHOOL

IMAGINE THE POSSIBILITIES

HOME LEARNING SUPPORT RESOURCES FOR PARENTS

Warringa Park School recognises that over half of our school community are currently learning from home in efforts to safeguard families during the pandemic. Home schooling can pose many challenges for families but we are here to help and manage through this time together. Please feel free to contact your child's teacher for information regarding home learning activities and supporting allied health resources. For additional information and support, please see resource list below.
